Novel Coronavirus (COVID-19) Update and Response

Dear Community Partners,

The District provides an essential service and is monitoring the status of the novel coronavirus (COVID-19). The District wants to assure our community partners that **we are currently operating and continuing to provide services**, while taking all possible measures to protect our employees, customers and the public.

We are following the updates and protocols posted by the State and Local Authorities, WHO and CDC, and will take additional measures as they arise. Hygiene and cleaning standards have been increased for equipment, vehicles and workspaces.

To protect the health and well-being of our employees and customers we are implementing the following changes across our offices and worksites:

- **Practice social distancing**
- **Avoid in person meetings when possible, email is the preferred method of communication**
- **Teleconferencing for essential meetings and public meetings**
- **Enhanced cleaning protocols at the offices, job sites and vehicles will be performed**
- **Restrict travel for training and conferences**

If you have any questions, please feel free to contact me.

Regards,
Ben Muñoz, Jr.,
General Manager
